HARP & FINIAL™ to Open Two High Point Locations at Spring 2015 Market
Home Décor Brand to Showcase Collection at International Home Furnishings Center and in StyleCraft Showroom on South Main Street

SOUTHAVEN, MISS. (March 13, 2014) – [HARP & FINIAL™](#) – manufacturer of a home décor collection curated with the fashionable, modern customer in mind – today announced its plans to open two showrooms in High Point, N.C. beginning with the upcoming spring market.

Born out of a vision of adding an elevated, lifestyle brand to parent company [StyleCraft's](#) successful product assortment – HARP & FINIAL will showcase nearly 300 distinctive items in the International Home Furnishings Center (IHFC), space H440, as well as in the StyleCraft showroom located at 130 S. Main Street. Both spaces are undergoing a complete remodel to better suit the brand's style and needs.

"We had a very successful launch at Las Vegas Market in January," said Jimmy Webster, president, StyleCraft, "and we are excited to bring the well-received line to High Point this spring."

Comprised of five fashion-forward looks – tailored, modern, preppy, organic and global – the HARP & FINIAL collection focuses on craftsmanship and quality, while offering trendsetting style. The entire home décor collection, including furniture, art, mirrors, lamps and an array of accessories, will be in stock and available to order at market.
